COLLECTION
BY *Audrey Lane*

INTRODUCING **Brianna Michelle** X **SKORD**

BY AUDREY LANE

Exploring the stunning landscapes of California and Arizona has sparked the inspiration for Brianna Michelle's collaboration with Audrey Lane on this new Skord collection. Brianna's appreciation for the complex shapes and textures nature has to offer, is only paralleled to her passion for the subtle, simplistic patterns in this 27 pattern collection. These modern patterns can be used as a base to build texture and add interesting surfaces to any project. Available in sizes 12x12 or 24x24 these porcelain tiles can be combined to create new and unique patterns of your own. The Pacific Solstice II pattern is an Audrey Lane favorite!

What is Skord?

Simple yet elegant, Skord is a dream for interior designers who love modern and clean lines. An excellent solution for both commercial and residential projects, the Skord Collection is versatile and stylish. The great thing is that our process is pain-free and enjoyable for you, as the creative. You choose a pattern and your preferred field tile color- and then, we make it to order! Note that the grout color of your choice is added during the installation process to really make the design pop!

Brianna Michelle is the principal designer and owner of Brianna Michelle Interior Design, a full service interior design firm in Winter Park Florida.

After graduating from Michigan State, Brianna migrated south to work with several of the most notable interior design firms in Central Florida, honing her skills and later opening her design firm in 2011.

With a focus on space planning and architectural details, Brianna's projects include both full home renovations and custom home builds. With every project, Brianna's goal it to understand how a client lives so she can balance a beautiful aesthetic with a space that is functional and ready to be lived in. Brianna loves the construction process and specializes in partnering with homeowners, architects and builders to help translate a clients vision into a true dream home. Brianna's lifestyle approach to design results in layered, textured spaces that feel unique, sophisticated and welcoming.

When not working on projects across the country, Brianna can be found enjoying time with her boys Ryker and Beckett.
